Appendix B - Canteen Report

Takings for Jan \$12 773

Expenses \$7 288

Daily average at the end of week two is \$3157.21

- At day 8 we do a yearly prediction last year we said we should take \$487 190.45 and we took \$485 864 with a daily average of \$2737.025
- This year we are predicting \$552 000 with a daily average of \$3102!
- Our sales are definitely up! And no prices have been increased.
- We have some new food items Korean chicken poke bowl and spicy beef tacos.
- Coffee sales have taken off and we have had requests to do them Tuesday second break as there are staff meetings each Tuesday. So we have extra canteen staff on Tuesdays to do that.
- We did the math and we will have paid for the machine in sales by $\frac{3}{4}$ of the way through term two.
- I've had requests for year 12 students to be able to purchase coffees.
- Staff have also requested iced coffees however we are having trouble getting packaging sorted at the moment.
- We also have increased hours to cope with the sales increases.
- We have cashed in our rewards points from our milk company. We are getting a pressure cooker, a new dyson fan and some cash vouchers. We had a small amount left over and we had to use them by the end of jan so we got a few basketballs and rugby balls. I thought we could give these to students as part of the rewards from the PBL program?
- Over the holidays Coles has closed down our coles card program where we were able to go and purchase stock in case of emergency.
- Troy and Delwyn had last year supplied us with a copy of the schools Woolies at work card. However this creates more work as Delwyn then has to invoice the P&C. I propose we get a debit card attached to then P&C with a \$500 limit. This would allow us to use any of the supermarkets.
