

# ICT Access Agreement

This policy outlines the acceptable use guidelines for students using ICTs here, this includes: the school computer network, Internet, email, school equipment including laptops, desktops, printers, cameras, devices etc as well as BYO Laptops providing access to the school the network and resources. Students and their Parents/Guardians are required to sign a copy of the ICT Access Agreement to gain access to ICT resources as part of the school program.

## The Basics:

- **Every student has an individualised account** on the school's computer network that is not accessible to other students. The account or password **is not** to be shared (student responsibility).
- **Students are responsible for managing their printing costs.** Within each students' SRS fees, \$10 is allocated to printing (\$5 per semester). Printing is possible at any of the printers/copiers across the school. Additional printing allocation can be purchased (form from office). Student Identification (ID) Cards are used to access printers.
